

THE LEADERSHIP CONTRACT™

Quarterly Leadership Gut Check Review

Truly accountable leaders set aside some time each quarter to reflect on their leadership. In *The Leadership Contract Field Guide*, I introduce a few questions you can reflect on. Take a few minutes to think about your leadership over the last three months.

1. How did you do as an accountable leader?

2. What were some of the critical leadership decisions you made?

3. What value did you bring as a leader?

4. What hard work of leadership did you tackle?

5. How did you strengthen the sense of community among the leaders in your organization?

6. Looking ahead to the next quarter, how will you continue to put the four terms of *The Leadership Contract* into action?
